Subject: Transmittal of Invoice for Property Taxes

Reference: (a) Telecon 1 February 1957, TLB to GK  
(b) Contract dated 21 June 1955, as amended  
(c) Purchase Order No. 56207

Dear Sir:

Please find attached hereto four (4) copies of our Invoice No. PE 15101 dated 31 December 1956. This invoice covers the amount due from Hycon to Los Angeles County and the City of Pasadena for taxes on inventory of the reference (b) contract for the Year Ended 30 June 1957. The date of assessment for these taxes was 29 February 1956.

It is our understanding that we should be reimbursed for the amount of these taxes because they are levied against the value of the work in process inventory under the subcontract reference (b) and (c).

Section 7, Sub-section (c) of the General Provisions, entitled Federal, State and Local Taxes, Price Adjustment provides that:

If, after the contract date, the Federal Government or any State or local government either imposes or increases (or removes an exemption with respect to) any direct tax or any tax directly applicable to the materials or components used in the manufacture or furnishing of the completed supplies or services covered by this contract, the contract price shall be correspondingly increased, and if interest and penalties are incurred by reason of delay in payment of such tax on the instruction of Perkin-Elmer, and such interest and penalties are legally imposed, the contract price shall be correspondingly increased.

Therefore, it is requested that the reference (b) contract be amended for a net increase of \$13,089.30 only.
